

## Editorial Policy for CCOC's NewsNotes

The Tenant and Community Engagement Committee reserves the right to publish or exclude any articles as it deems appropriate to the CCOC newsletter.

When a person or a group of people request that the corporation include an insert in the CCOC newsletter, the person/group of people should either cover the cost for copying and inserting the information or they should provide and insert the information themselves. Time permitting, all inserts are to be pre-approved by the Tenant and Community Engagement Committee. If time does not permit, the insert should be pre-approved by at least two of the committee's members.
